Manager Graphic Design (2008 - 2018)

Chemtrek Industries Bangladesh Ltd.

At Chemtrek Industries Bangladesh Ltd., I worked as a Manager and was recognized as one of the top-performing and most trusted employees by the company's owners. My responsibilities covered a wide range of creative, technical, and managerial tasks. I managed the entire graphic design and production process for multiple consumer brands, including Kellys, Turbo, and His & Her. Alongside leading the design direction, I was responsible for label design, packaging development, and production supervision. I also handled Google SketchUp 3D visualizations, website development through WordPress, and overall brand presentation. Beyond design, I played a vital role in product development and market analysis, ensuring each product line aligned with current market demands. I also trained and guided the graphic design team, managed the ERP workflow, and coordinated closely with cross-functional teams to maintain a smooth production pipeline. My leadership and creative input helped strengthen ChemTrek's brand presence and contributed significantly to product innovation and visual consistency across the company's portfolio.
